

An Expectant Mother's Prayer

An Expectant Mother's Prayer

Dear Lord, I know that you care for me, and you understand how I feel. You cared for Mary, for Elizabeth, and now I pray for your care, with the prayer of St Gerard to assist me.

You have always surrounded me with your love. Help me to surround with my love, this new life which daily grows within me. Bring my child to the light of day and the waters of salvation.

I depend on you Father, now more than ever. Stay close to me in the days that lie ahead. In any uncertainty and doubt, let your Holy Spirit cool, refresh and reassure me. I make my prayer through Jesus Christ, your Son.

St Gerard, pray for us.
